

# Confidence Before, During, and After Election Day — That's the **Bold** Standard

Bold Systems, LLC.

1

## Who We Are

Our Election Management Platform is a complete solution for your district, offering workflow tools that streamline processes for the clerk, election-day monitoring that keeps staff informed, and analytics that give your district real-time visibility into turnout, trends, and voter engagement.

2

## What We Do

We handle the parts of election management that keep clerks awake at night. Our team manages absentee and early ballot tracking, streamlines voter check-in, provides on-site election day support, and delivers post-election analytics that help your district logistically plan future elections.

3

## Why Districts Choose Bold

Districts work with Bold because they want reliability. When the polls open, our people are there. When results come in, our system delivers clarity. Bold has failsafe solutions you can pivot to quickly to ensure your voters have a seamless check-in experience. Our solutions combine proven technology with personal support, ensuring your election runs right from start to finish.

4

## The Stats

For over two decades, we've helped districts across New York manage every phase of their election with confidence, compliance, and hands-on support. Our track record speaks for itself — thousands of elections delivered, 250 school district clients, state aid-eligibility through BOCES across New York State, and a dedicated team that supports districts before, during, and after every election.
